

ECONOMIC IMPACT STATEMENT

K.A.R. 115-7-4. Fish; processing and possession.

DESCRIPTION: This regulation establishes general provisions applicable to fish processing and possession in Kansas. The proposed amendments would clarify a confusing issue regarding possession of fish fillets while on the water and are part of a larger regulatory package regarding fishing that is being proposed.

FEDERAL MANDATE: None.

ECONOMIC IMPACT: The proposed amendments are intended to simplify possession conditions for the public and law enforcement. It is anticipated that no substantive economic impact will occur for the department, other state agencies, or the public.

ALTERNATIVES CONSIDERED: None.
