

CLINTON

The 1,500-acre park is located on the northern shore Clinton Reservoir. Boat ramps and courtesy docks allow easy access to the reservoir, known for clear water and good fishing. Anglers, boaters and campers enjoy the Clinton Lake marina. It offers boat slips, retail sales, and equipment rentals.

Whitetail deer, turkey, waterfowl, and numerous species of songbirds inhabit the area. Bald eagles frequent the shoreline and nest at the reservoir in the spring and fall.

In spring, native wildflowers can be viewed from a self-guided nature trail. Other trails throughout the park provide mountain biking, hiking, and even cross-country skiing.

Activities such as picnicking, swimming, archery practice at the range and camping.

Nearly 500 campsites in the park are available, including over 200 RV sites with water and electricity with nearby restrooms and showers.
